

Mobile Voucher

Your payment terminal as a top-up point for prepaid mobile phones

Mobile Voucher from SIX Payment Services replaces scratch cards for prepaid mobile phones. It provides impressive advantages for the point of sale and customer alike.

- Attractive commission for you
- Additional turnover without administrative efforts and costs

- No prefinancing of call credits (scratch cards)
- No physical storage and thus no risk of theft
- No additional terminal needed for the processing of call credits

Your earnings from sales of Mobile Voucher

Telecom provider	Your sales provision					
	Loading amount		per transaction	with 25 TRX	with 100 TRX	with 250 TRX
	CHF	10.00	CHF 0.33	CHF 8.13	CHF 32.50	CHF 81.25

	CHF	100.00	CHF 5.00	CHF 125.00	CHF 500.00	CHF 1250.00

including VAT

Version April 2012 – replaces all previous versions.

Here is how the sales and transaction process works

1. The customer wishes to load his or her prepaid mobile phone with a call credit. To do so, he/she tells the cashier which telecom provider is used and the desired call credit amount. The preferred product is chosen on the payment terminal by pressing a combination of keys.
2. The SIX Payment Services payment terminal starts the Mobile Voucher request.
3. Our server transmits the Mobile Voucher code to the terminal and simultaneously registers the transaction for billing.
4. The customer now pays for all the merchandise (mixed purchase also possible) with a card or with cash.
5. The Mobile Voucher with the code is issued through the terminal or cash register printer.
6. With the Mobile Voucher, the customer can activate the new call credits on his/her mobile phone by entering the code.
7. We take care of the billing with the corresponding telecom provider.
8. The total of the call credits sold will be charged to you daily on to the corresponding account, per telecom company. At the same time, the commission will be credited per telecom company. Payment of the net amount is made upon settlement of the generated card turnover.

Costs and requirements

The service is absolutely free of charge for you. The only requirement is a SIX Payment Services ep2 payment terminal

Additional information
