Card acceptance included in the goCard! package

Today, paying by card is a matter of principle for your customers. The wide acceptance of debit and credit cards and mobile payments (Apple Pay, Samsung Pay, TWINT etc.) and consequently the quick and reliable processing of transactions in retail are the nuts and bolts when it comes to making cashless payments.

SIX Payment Services offers the world's most widely-used debit and credit cards and mobile payment solutions from a single source for your payment terminal in your shop or online shop. The more payment options you accept, the bigger your chances of increasing sales and spur-of-the-moment purchases.
