- Makes a payment integration faster and efficient
- Customizable to your needs, e.g. user friendly design of credit card (transaction) interface
- Professional support via Saferpay experts and SAP Silver Partner
- Built on top of Hybris version 6.6
- As well available for SAP Commerce (hosted)

The screenshot shows the SAP App Center interface. At the top, there is a search bar, a user profile icon, and a menu icon. Below the navigation bar, the SAP logo and 'App Center' text are visible. The main content area features a featured app card for 'Saferpay Payment Solution for SAP Commerce Cloud'. The card includes the Worldline logo, the text 'International payment service provider to accept payments in your webshop powered by SAP Commerce', and a tag 'COMMERCE RECEIVABLES, REVENUE MANAGEMENT, AND BILLING'. Below the card, there is a navigation menu with options: Overview, Features, Reviews, Questions, Support, Resources, Publisher, and Editions & Pricing. The main text of the card reads: 'Easy to use plugin to integrate SAP Commerce cloud shop and Saferpay'. Below this, a paragraph states: 'The payment solution Saferpay from SIX Payment Services provides a comprehensive payment service for easier and more secure payments in your online shop. The plugin is compatible with the following standard shop system SAP Commerce Cloud -> cloud hosting by SAP or public cloud (previously known as SAP Hybris)'. To the right of the text is an image of a smiling woman wearing a hat, looking at a tablet.
