Secure, simple & international – card acceptance for your successful e-commerce business

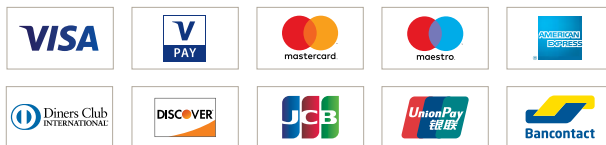

E-commerce Acquiring

Credit card payment made easy

Cashless payment is common practice nowadays. Credit cards and debit cards are the most popular method of payment in the online world. Payment with credit cards in particular encourages impulse purchases online and demonstrably increases your sales. As a licensee for different card organisations, SIX Payment Services provides extensive cashless payment services. Choose SIX Payment Services – your card acceptance expert.

With SIX Payment Services you can process payments from the following credit and debit cards easily in your shop:

Your benefits and advantages at a glance

High level of acceptance – more sales

Offer payment with all popular credit and debit cards in your shop. Increase your sales with guaranteed secure acceptance and processing via all channels.

Efficient payment processing and simple handling

Fully-automated processing completed in a matter of seconds thanks to the latest technology.

Effective fraud prevention

Real-time analysis of transactions for early detection of fraudulent card use.

Highest level of security

Security procedures with 3-D Secure, such as Mastercard Identity Check and Visa Secure, offer the highest possible level of protection for your customers to reduce attempted fraud.

Quick and flexible payment

You will usually receive the payment in your bank account within a few days after the transaction is carried out.

Internationality and acceptance of a wide range of different currencies

An international service in every country in over 80 currencies and payment in over 20 currencies at attractive, competitive and transparent conditions.

Personal consultation

Rely on a customer-focused, local service and support with many years of experience and expertise.

Reliable system

Maximum stability thanks to high system availability.

Dynamic Currency Conversion (DCC)

With DCC automatic currency conversion, your overseas customers can choose to either pay in the currency of their card or in the currency of the relevant country. And you profit from additional revenue.

myPortal

The web-based tool for reporting and data reconciliation offers you a better overview and makes administration of your payment transactions even easier.

Authorisation

Our authorisation service offers you global protection as we check whether a valid, unblocked card is being used for the transaction or if the requested amount is available for the card product.

Chargeback

We are also there for you in case of cancelled credit card transactions (chargeback). Thanks to our efficient chargeback system we can significantly reduce your administrative efforts and take over the processing of chargebacks for you with the contracting parties.

Omni-Channel

Omni-channel is the combination of different sales channels which focuses on seamlessly integrating the shopping experience for your customers – regardless of whether they are ordering via a computer, smart-phone or purchasing in a store. Bundle your sales channels together into one strong, innovative omnichannel concept and lead your business to success – online and offline. SIX Payment Services accompanies you across all channels – from strategy all the way to the first payment.

Card acceptance in e-commerce in just three steps:
