The innovative payment terminal with touch function

cCredit with yomani *touch* XR

The cCredit software terminal with the yomani *touch* XR PINPAD – the cash register-integrated solution for quick and easy payment.

cCredit handles your card payments securely and hassle-free in conjunction with the yomani *touch* XR PINPAD. Here's what makes it so special: SIX allows you to pay with the cheap EuroELV method using your German girocard via the ep2 log – even when you are abroad. In future, you will be able to digitally archive your merchant receipts with electronic signature capture on the display. Therefore, time-consuming paper receipt archiving is a thing of the past.

– Can be used internationally
– User-friendly due to large touch display
– Quick payment thanks to contactless function
– Reasonably priced EuroELV payments
– Electronic receipt archiving
– PCI PTS 4.x/PCI PA-DSS 3.2 security standard
