(YOMANI XR)

The powerful
and efficient terminal

**This customer-friendly all-rounder can be integrated into any POS infrastructure –
or used as a stand-alone terminal.**

The YOMANI XR impresses with its efficiency and power, and is perfectly suited to cashless payments in the retail trade, the hotel industry and catering thanks to its versatile functions and intuitive operation.

The product variations Pinpad and Autonom allow the terminal to either be integrated into the POS or used as a stand-alone terminal.

THE CUSTOMER-FRIENDLY
ALL-ROUNDER

The YOMANI XR contributes sustainably to a pleasant customer experience:
- Easy to use
- Colour display with backlighting
- Contactless reader on the side of the terminal
- Fast payment thanks to contactless function
- PCI PTS 4.x security standard
