1

## Download the WL Crypto Payments app

After signing the supplemental agreement, we will automatically send you a welcome e-mail containing a link to the Google Play Store/App Store, where you can download the WL Crypto Payments app.

2

## Configure app

Open the WL Crypto Payments app and start app configuration.

3

## Request activation code

Register with the e-mail address that you originally filed with us and request your 6-digit activation code.

4

## Receive activation code

You receive an e-mail containing a 6-digit code.

5

## Confirm activation code

Enter the 6-digit code and confirm it to start activation.

6

## Confirm merchant data

Check your merchant data and confirm.

7

## Activation successful

You have successfully activated the WL Crypto Payments app and can now accept cryptocurrency payments with your Android/iOS device.

# Key points at a glance

## Internet connection

In order to download and activate the WL Crypto Payments app, you need a wireless or WLAN connection on your Android/iOS device.

## Operating system

Please always use the newest Android/iOS operating system for the WL Crypto Payments app. WL Crypto Payments requires Android 5/iOS 12 or any newer operating system.
