Finland	Luxembourg	Spain
France	Malta	Sweden
Germany	Netherlands	United Kingdom

Domestic transaction: Card-based domestic transactions are transactions in which the card-issuing bank is located in the same country as the point of sale.

Intra-EEA transaction: Intra-EEA card-based transactions are transactions in which the card-issuing bank is located in a different country within the European Economic Area (EEA) than the point of sale where the card is used.

Intra non-EEA transaction: A card-based transaction is deemed an intra non-EEA transaction when the card-issuing bank is located outside of the European Economic Area (EEA), but in Europe, and the point of sale where the card is used is located within the EEA, or vice versa.

Interregional transaction: Interregional card-based transactions are transactions in which the card-issuing bank is located outside of Europe and the point of sale is in Europe, or vice versa.

Definition of a domestic Visa card payment:

- The issuer and merchant are located in the same country.

Definition of a European Visa card payment:

- The issuer is located in country A within the European Region as defined by Visa.
- The merchant is located in country B within the European Region as defined by Visa.
- The issuer (country A) and merchant (country B) may **never** be in the same country.

Definition of an interregional Visa card payment:

- The issuer is located in a country outside the European Region as defined by Visa.
- The merchant is located in a country within the European Region as defined by Visa.
